transferred to Keesler AFB Hos-

pital. . Robert Kenndy Paul, Mobile was treated at the local hospital and later released.

State Ptn. J. Y. Thomas and University Of Mississippi Bruce Yearwood said Paul and Cicet were injured at 11:35 p. m. line.

The eastbound Cicet car cross ed the center line and struck the extensively damaged.

Ticher Sand Improvement

Marion Parker, Miss. Forestry ommission area forester in Hancock County pointed out today that this is a good month to do timber stand improvement work Trees girdled or treated with 2 growth period die more quickly than those treated at other ilmes.

One acre of desirable seedlings overtopped by cull trees is producing little more than a crop of taxes each year. If these culi trees are deadened, the desirable seedlings released can grow into about 15 cords of pulp wood in 12 to 15 years.

only keeps costs down, but pre-political science, art or sociology. bushes and vines which can pre- granted in exceptional cases to vent desirable seedlings from applicants who do not satisfy all mann. coming up later.

In areas where most of the land is best suited to pine production you will often find desirable seedlings of pine and poplar in the hollows. These should be released where cull trees are overlapping them. Along the streams many hardwoods such as poplar, gum, bay, magnolia, taken to avoid deadening these good trees.

done on land which grows good deadening the wrong trees.

To avoid deadening valuable La., assigned to Keesler AFB, how to select the right trees and plus the tools and skills needed was treated at Hancock County get the greatest improvement at by a modern city planner. Hospital for injuries received in the least cost. He can also exfor this work.

### New Curriculum Offered In City Planning At The

University, Miss .- A new currictime this fall.

The Board of Trustees of Instiplanning at its May meeting..

"Planning administrators and planning technicians are needed Awarded 15 Year not only in Mississippi but throughout the entire nation,' said Dr. Edward H. Hobbs, chair man of the University's inter-disciplinary Council or Urban Planning. "Jobs paying from \$5,000 to \$21,000 are left unfilled these days because of inadequate supply of trained planners. Ole Miss is attempting to meet this need. In conjunction with the degree Mrs. J. H. Favre of Pearlington, program, the University has established an Institute of Community Planning, which will be administered by a director under the supervision of the institution newly established Council or Urban Planning. A newly employed professor of city planning will be ex efficio as director of

the institute.

The two-year master's program **VOTE FOR** WINTER QUALIFIED, DEPENDABLE FOR A PULL TRUNKS TAX

on the new Interstate System.

cording to the 1950 census. In addition to these systems, Mississippi is also making enviable strides on the Interstate System of national defense highways. More than 190 miles of this system are under contract. Mr. Smith said. This is almost double the national average of 105 miles

STATE'S NON AGRICULTURAL EMPLOYMENT HITS NEW PEAK Mississippi's non\_agricultural employment reached an all-time peak last month. Employment was 383,900, or 3,900 more than in April and 12.500 more than in May 1958. Much of the increase was seasoned with highway work accounting for 1,200 more workers and the lumbering and food industries 200 each. The May figures showed 22,400 in construction, compared with 21, 200 the previous month; mining 5,700, compared with 5.600 in Apr.; Manufacturing 117,300 compared with 117,000 in April; transportation, communications, and public utilities 24,900 compared with 24,800 in April; trade 80,300 compared wth 79,500; finance, insurance and real estate 10,900, unchanged; service except domestic 37,300, compared with 37,100 and government 85,100 compared with 84,000 in April.

It is the opinion of the Club officers, directors and members that there should be a re-survey of the standards of the interstate system and that the roads should be built within present revenues. Should the Congress raise the gasoline tax to provide money for the states to match, then the states will have to increase the gasoline tax in order to get nough money to match Federal Funds. Thus the cycle of increased taxes will continue. It is this ocedure that the Club objects

bout with that old summer vi of The Young Lions, fame, at Promeer-Director.

> "Warlock tells the story of a rough frontier cattle town, of the lawless elements ruling it, the professional gunfighter brought in to tame it, and the man who stood balanced precariously between the killer gang and the gunman.

In the key role, that of an outlaw turned lawman, Richard Widmark racks up another of his outstanding action performances, adding to a record begun with the memorable Tommy Udo in "Kiss of Death."

> As the professional gunman Henry Fonda brings back all the excitement and magic of his faultless early portrayals in such films as "My Darling Clementine" and "The Ox Bow Incident."

> Anthony Quinn, who has gained renoun as an international star, is the warped and strange sidekick of the professional gun-

> Academy Award winner Dorothy Malone is the captivating woman of mystery who has a score to settle with Fonda but falls in love with Widmark, and Dolores Michaels is the woman n Fonda's life.

Filmed among the granduer of Montana's mountainous Four Rounding out the fast-action

honored their daughter, Donna Ann, with a party last Saturday on the occasion of her tenth birthday.

Donna had 12 of her neighborhood friends as her guests. The traditional birthday cake refreshments and a movie were enjoyed by the group.
